Dear Harold;

As I am writing this Fred Graham on the radio is talking about the new Supreme Court decision allowing police to search news-rooms for certain evidence. A few more steps toward a police state. I haven't heard from you for a while I trust you and Lil are well and busy. I think I told you in my last letter that I am back working on Barnaby Jones and we are in production. Our short heat wave is over and the usual summer fog has set in so things are a little cooler.

The enclosed article sort of ticked me off. I recall that Jeff Cohen is some one you have had dealings with. A former FBI agent I had worked with on the TV show phoned me yesterday and asked me about the article. I told him what I thought and he is now interested in the subject. He has a new job as an investigator for the Calif. Bar Assoc. It appears that the Committee is performing just as you predicted.

Best to all,

Paul
